MAD 1940

MEMORANDUM FOR THE CHAIRMAN, NATIONAL SECURITY RESOURCES BOARD
(Attention Mr. Frederick Winant)

SUBJECT: NSRB Study No. VII (Proclaimed Listings)

REFERENCE: Requirement for information concerning "Proclaimed Listings" handed by Mr. Schnellbacher to Messrs. [redacted] at meeting in Mr. Winant's office on 21 February 1949

1. CIA has reviewed reference requirement. On the basis of materials presently at hand, we are not now in a position to furnish the desired information.

2. Insofar as we have been able to check, no Government activity is now engaged in the preparation of such listings, nor is it possible to prepare these listings without first setting up an activity along the lines of the one operated by the Department of Treasury during the recent war years. In any event, it would appear to be a long-term undertaking.

3. CIA regrets it is not in a position to assist you in accordance with your request.
